Amendments to the Drawings:

The drawing sheet or sheets attached in connection with the above-identified application containing Figure(s) 3 and 4 are being presented as a new formal drawing sheet or sheets to be substituted for the previously submitted drawing sheet or sheets.

Figures 3 and 4 are new and are illustrations of the computer system described on pages 4 and 5 of the specification as originally filed. No new matter has been added.
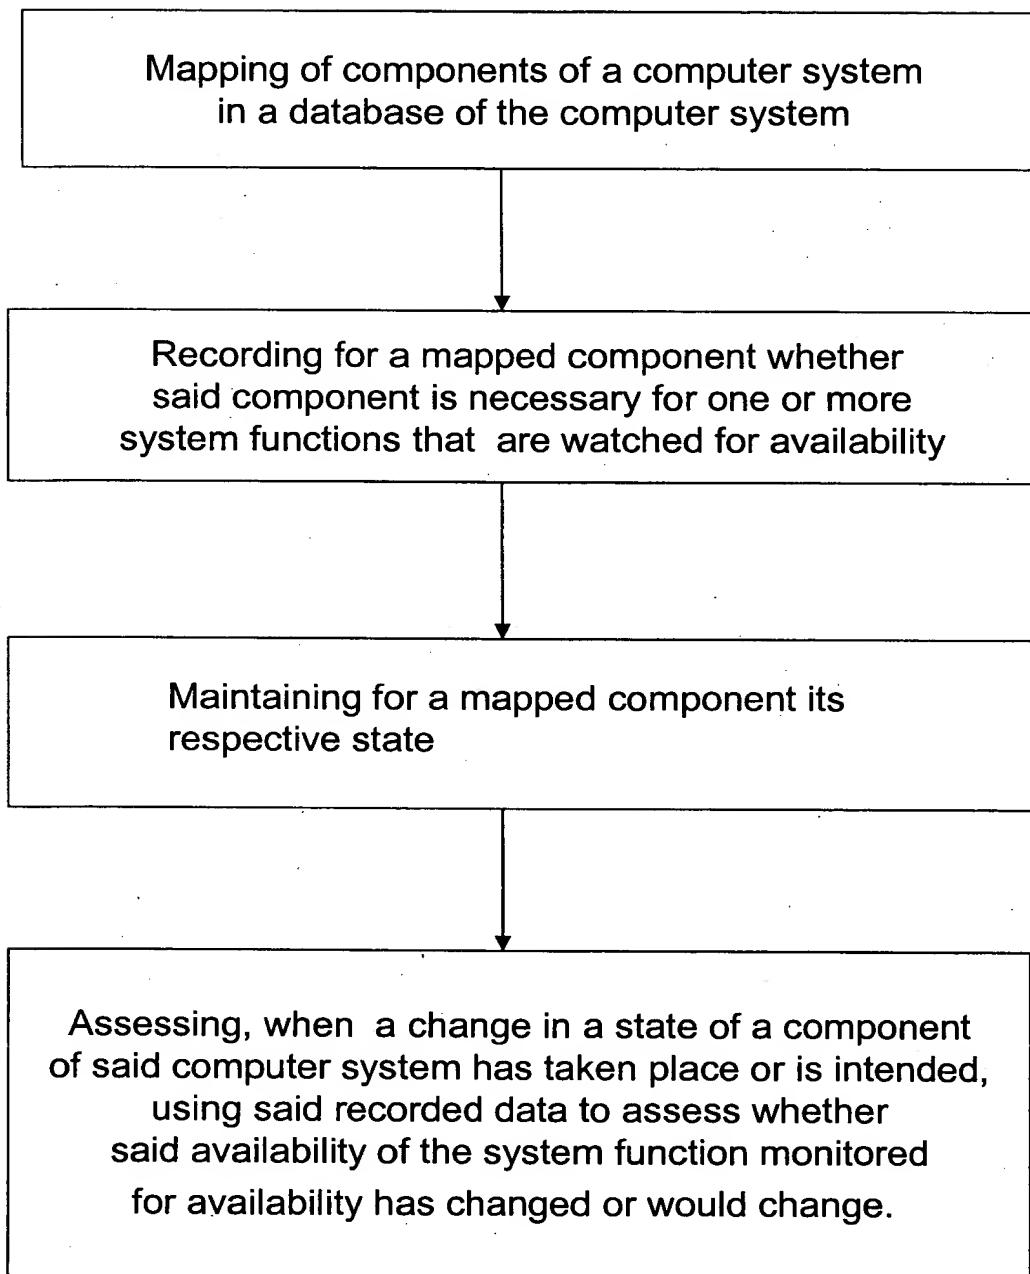

Fig. 3

Mapping of components of a computer system
in a database of the computer system

Recording for a mapped component whether
said component is necessary for one or more
system functions that are watched for availability

Maintaining for a mapped component its
respective state

Assessing, when a change in a state of a component
of said computer system has taken place or is intended,
using said recorded data to assess whether
said availability of the system function monitored

for availability has changed or would change.
